

## Transformation Advisors Group Acquires Maryland-based Information Systems Company M-Cubed

*Silver Spring-based M-Cubed Information Systems has served the public and private sectors for over 29 years with effective, dependable, and secure services; recently they joined Virginia-based Transformation Advisors Group (TAA) as a wholly-owned subsidiary.*

“Adding M-Cubed to our team just makes sense,” said TAA CEO Mr. Campbell Shannon. “Their experience, capabilities, and clients complement those of TAA, and strengthen our position to continue growing in a highly competitive environment.”

Formed in 1985, M-Cubed is a small disadvantaged business with nearly 30 years experience in software development, network management, and IT services delivery. Their clients include the U.S. Department of Treasury, IRS, Census Bureau, Army, and Coast Guard. M-Cubed capabilities include SAAS services such as legacy document conversion, victim witness information portals, and emergency notification systems. The company also provides financial management, secured infrastructure, and business analytics services.

M-Cubed is CMMI Level III appraised and has forged strategic partnerships with leading global technology institutions to provide comprehensive support across their client base. The company holds contracts under the GSA Schedule 70, FAA eFAST, Army ITS-SB, and DoD ENCORE II vehicles, offering government agencies a streamlined procurement path and rapid response to broad agency requirements.

“I’m very pleased to have M-Cubed on our team,” said Mr. Shannon. “With this acquisition, TAA expands our capability to build partner relationships and respond to the needs of our existing and emerging clients.”
